VISUAL BROWSER DISPLAY CABINETS

A revolutionary storage facility that provides safe, clean and secure storage as well as a visual display system within the same unit.

MOBILE SHELVING & ROLLER RACKING

A mobile system that is highly effective in maximising space and can be customised to include shelving, cabinets, drawers, hanging garment rails and filing systems.

DISPLAY SHELVING & CUPBOARD

The optimum public viewing platform that offers the safety and protection of valuable collections. Our display solutions deliver airtight, dust free environments tailored to specific requirements.

MUSEUM SHELVING & FILM NEGATIVE STORAGE

Flexible storage organisation of shelving, drawers and cupboards can be used to utilise space more efficiently. Versatile drawer configurations using special interlocking divider systems allow for thousands of film negatives to be stored in just one drawer.

PLAN FILING, MAPS & DOCUMENT STORAGE

The perfect solution to store paper documents in an organised and secure cabinet allowing for historic plans, maps and documents to be easily identified.

ART STORAGE SYSTEMS

A space saving and accessible picture racking system that ensures the safekeeping of artwork.

ARMOURY & GUN STORAGE

Multiple storage solutions for armoury collections including cabinets, drawers and mesh panels.

TEXTILES & WALLPAPER STORAGE

Adjustable hanging rails, rolls and unique drawer trays offer a flexible storage system that enables textiles and garments to be accessible and secure in one solution.
